Parkside update

- Planning consent for 147 houses with a further 286 houses master-planned

- 147 houses in construction, 110 houses at or nearing completion

- Phase 1 launched in September 2015
  - 52 house sales agreed to date
  - 22 legally closed

- Achieved initial stage completion targets
2. Market Opportunity
Helpful Government initiatives

- **Rent certainty measures**
  - Measures introduced in November 2015 in an effort to tackle housing crisis
  - In addition to other measures, the legislation will require 24 months between all rent reviews
  - This is expected to assist buyers in saving for mortgage deposits

- **Housing regulations**
  - Recently introduced Planning Guidelines on Design Standards for New Apartments contain a number of provisions to reduce build costs and improve the profitability of apartment developments
  - Number of completed units that must be provided for social housing reduced from 20% to 10%
  - Reduction in development levies
  - Focus on improvement of Special Development Zones (SDZ) to fast track planning and delivery of homes
  - Supply side initiatives being considered by Government

Mortgage market environment

Macro-prudential rules

- Central Bank of Ireland ("CBI") implemented new macro-prudential rules in February 2015
  - Maximum LTV ratios
  - Loan-to-income caps
- In January 2016, the newly appointed Governor of the CBI announced that a review of the rules would be conducted in the summer of 2016. Report expected to be published in November 2016
- Introduction of rules have somewhat impacted on the growth in volume and availability of mortgages during H2 2015
- However, the mortgage market has significantly improved since the lows of 2011

**Commentary**

- Revenue predominantly from the sale of 52 houses on the Parkside site, of which 11 closed in the period to end December
- Exceptional administrative and finance costs represent the costs incurred as part of the acquisition of Emerley Holdings (as outlined in the IPO prospectus)
- Founder share represents non cash fair value accounting charge for founder share scheme – no impact on shareholder funds
- Ongoing interest charge relates to the new senior debt facility and interest on the Emerley Properties Loan (up to its repayment in December 2015)
- Taxation represents deferred tax asset on losses incurred to date

Commentary

- Inventories represents 7 (1) owned sites that have closed as at Balance Sheet date, in addition to working capital incurred in Parkside and Killiney sites.
- Loan receivables represent the cost of the Ulster Bank residential land loan portfolio, plus the cost of related constructions bonds.
- Restricted cash relates to an amount of cash that is restricted under the Senior Debt Facilities.
- Deposits paid represent an exclusivity payment of €5m attaching to the potential purchase of a portfolio of sites.
  - Increased to €7.5 million post year end.
- Loans and borrowing represents drawn portion of Senior Debt Facilities (net of debt issue costs and derivative liability).
- Share based payment reserve mainly represents the non-cash charge relating to the Founder share.

Notes:
1. Includes Parkside, Killiney, Butterly, Galway, Stillorgan, Rathgar, Foxrock sites.
Outlook / Conclusion

- €554 million of capital deployed within 9 months of IPO
- Commence construction on another 5 schemes to add to Parkside and Killiney within 12 months
- Project Clear loan-to-own strategy
- Worsening supply / demand imbalance leading to rental growth of 9%
- Medium-term target of 1,000 completions per annum
