To support you every step of the way, our dedicated Customer Care Team is here to guide you through the entire process. But our commitment doesn't end when you move in. We've developed the Cairn Customer Care Portal — a unique digital platform designed to provide a comprehensive and convenient homeowner experience.

This user-friendly online portal gives you round-the-clock access to essential information about your new home, all conveniently stored in one

place. From operating manuals and appliance warranties to maintenance tips and helpful FAQs, it's designed to give you peace of mind and empower you to feel completely at home. To make things even easier, the portal includes step-by-step video guides to help you get the most out of your home's features, from using your heating system to troubleshooting common issues.

You'll also find a customer feedback survey where you can share your thoughts and help us continue to improve our service. And if you ever need to speak to someone directly, a list of useful contact numbers is just a click away.

The portal continues to support you long after move-in day. During your first year, you can log queries or service requests directly through the portal, which will be managed promptly by our experienced Customer Care team.

Beyond practical support, the portal also helps you feel connected to your new community. You'll receive updates on local events, neighbourhood news, and important announcements, so you're always in the loop.

At Cairn, we're proud to offer an experience that goes far beyond handing over the keys. With the Cairn Customer Care Portal, you're not just buying a home—you're gaining a smarter, more connected, and more supported way to live.

BUILT FOR GOOD

Built For Good

Since 2015, Cairn has been building a future for good for everyone. Cairn homes are built to exceed expectations. Every home we build is A-rated, energy efficient and set in prime locations, with world-class design, planning and innovation central to every development.

Community is central to everything we do.

That spirit is woven throughout Cairn, from our unique aftercare services to the outstanding architecture, design and landscaping of our developments, through to sustainability, partnerships, biodiversity and decarbonisation initiatives and more.

BEYOND BRICKS & MORTAR

Community building and home building are one and the same for Cairn. We've always known the importance of growing sustainable communities where everyone can thrive. Over 20,000 people live in more than 8,000 Cairn homes across Ireland, surrounded by over 40,000 trees we've planted. In 2024, we became title sponsor of the Cairn Community Games, the historic Irish institution that has been a source of community for generations.

Our 'We're All In' sponsorship is a call to young people to become the best version of themselves, however they show up. This support runs across youth sports, as well as in the arts, music and culture activities. The ambition is to maximise opportunities for children to take part, bringing the thriving volunteer squad with them in community creation for generations to come.
